

JAMES CROPPER

EST. 1845

ELATION

An elegant and restrained felt marked texture distinguishes the Elation range of text and cover papers.

The discreet surface texture imparts a soft tactile finish to the paper. This classic design has an irregular micro-geometric pattern which is pressed into the paper during manufacture and is perfect for high-end corporate communications.

CHARACTERISTICS

- Fine felt finish for enhanced visual and tactile appeal
- Softly textured surface visible on one or both sides of the paper sheet
- As the texture is produced on the paper machine very large finished sheet sizes are possible
- Performs well with the most demanding graphic techniques
