

Brown Paper Tape

Tape features:

Adhesive tape made from paper with a crepe finish and a solvent natural rubber adhesive.

Applications:

This masking tape is especially suited to bundling, packaging and indoor painting. The glue does not affect the surface where it is applied and leaves no residues (up to one week) after removing.

Available colours:

Brown.

Storage:

To ensure the highest standards the stock should be rotated within 6 months and stored where possible at room temperature between 14 and 28°C. Avoid humidity during storage.

BACKING	Crepe paper
ADHESIVE	Solvent-based natural rubber
TOTAL WEIGHT (gr/m2)	87
TOTAL THICKNESS (mm)	0.132 ± 0.015
PEEL ADHESION ON STEEL (N/cm)	2,3
TENSILE STRENGTH (N/cm)	30-35
STRETCH AT BREAKING POINT (%)	11 ± 4
MAX. APPLICATION TEMPERATURE	60°C
MAX. TEMPERATURE RESISTANCE	80°C

The mentioned data, based on the average analysis of our standard production, may have a tolerance of about ± 5%. For this reason they are not binding for our company.
